

# Howland House Constitution

Additionally, if two or more prospective members are friends, the house holds the right to approve membership to the prospective member who contacted the membership officer first, and then deny the other potential members. Friendship is determined by the house and these situations will be voted on a case by case basis. This is to preserve the community style culture cultivated in Howland, and to prevent clicking or “house take-overs”.

## Article V: Determining Seniority

1. **Section V.I:** Room assignments and parking spaces in Howland House will be based on seniority, and the following factors determine seniority,
  1. **1.** Semesters lived in Howland House in the past three years at the time of the room picks meeting. No future semesters shall be considered in the room picks. No member who has not lived in Howland House can attain a higher room pick than someone who lives there currently. Semesters who lived in Howland House more than three years ago do not count towards seniority.
  2. **2.** For members who have lived in Howland House for the same number of semesters, the contract signing date for the upcoming term contract will be used to determine seniority.
  3. **3.** For members that have not lived in Howland House but have lived in other MSU Spartan Housing Cooperatives, seniority will be determined by how many semesters lived in the other sister cooperatives.
2. **Section V.II:** If a member obtains a contract release for part of the contract period or after the beginning of the contract period, the room that the member has chosen will stand, and they may offer it to the person who fills the release. The person who fills the release does not keep the former member's seniority.

## Article VI: Room Picks

1. **Section VI.I:** Room Assignments in Howland House will be based on seniority.
2. **Section VI.II:** Residents are eligible for squatters' rights if they have earned a room through traditional seniority room pick and have not taken over a prior contract.
3. **Section VI.III:** A signed release request transfers the right of a room to a new member unless there is an agreement between two housemates. Such agreement must be ratified and noted during a meeting.
4. **Section VI.IV:** A member may not lay claim to a room that they will be occupying following a room picks meeting. IE summer months.
5. **Section VI.V:** If a member obtains a contract release for the entire contract period after room picks have taken place but before the beginning of the contract period, the room that the member chose may be re-picked by the remaining members in order of seniority. The person who fills the release does not keep the former member's seniority or get the former member's chosen room.

## Article VII: Parking

Howland House has a parking lot of 16 designated spaces. An additional 17th spot is available in the southwest corner that will be kept as an "emergency spot." This spot will be given out to a member in times when a car is necessary, such as injury or family emergencies. The member who uses this spot

shall be made aware that the spot is not recognized by the Police Department and they may be subject to fines. This fine shall be the car owner's sole responsibility.

1. **Section VII.I:** At the start of the contract period, parking will be decided for the remainder of the contract period. The members who get cars will be determined by seniority, as defined by ARTICLE V. In order, Members with the highest seniority will claim the spot they wish to have for the contract period until there are no spots remaining.
2. **Section VII.II:** A member is responsible for contacting the membership officer if they will yield the rights to their parking spot. Any member who is moving out yields their right to a parking spot when they leave.
3. **Section VII.III:** If a member no longer needs their parking spot, the membership officer will announce the opening of the spot at a meeting. Members wanting to claim this spot must announce their interest at the same meeting. The parking spot will be awarded to the person who has the highest seniority and is interested in claiming the spot.
4. **Section VII.IV:** It is the responsibility of a member who wants to claim a parking spot to inform the membership officer. They must inform the officer when their car is coming, or when the member wants the spot. If they currently do not own a car, they must own a car in one month in order to lay claim to a spot. Should the member fail and the process is repeated with the next highest seniority.
5. **Section VII.V:** If a member is designated a parking spot, then they are guaranteed that spot for the rest of the contract period, and will not be pushed out of the lot by a more senior member.

## Article VIII: Uncaged Pets

1. **Section VII.I:** If a member wishes or needs to get an uncaged pet at Howland House, that first must register the animal through SHC and have it approved by the house members for a 2-week trial. After the trial, the current members of Howland may vote it in permanently.
2. **Section VIII.II:** All Animals are subject to reapproval by the house and can be voted out by a 3/4ths majority.
