

# The Shire Constitution

## Preamble - Brief Synopsis

The Shire Housing Cooperative (subsequently described as “the cooperative”) is a member-owned housing cooperative that has existed since the purchase of the property of 5473 Okemos Road, East Lansing, by Rivendell Cooperative House in December of 2011. In September 2017 The Shire became a member of Michigan State University Student Housing Cooperative (MSU SHC) now known as Spartan Housing Cooperative (SHC). As a cooperative, members (occupants) take partial ownership of the property and are expected to contribute to the maintenance and upkeep of their respective house during the duration of their stay. Members strive to pursue a low-impact, ecologically-friendly lifestyle. As a member residents are expected to fully participate in the decision making process as it pertains to the health of the cooperative. All decisions made by the cooperative will be reached through consensus; that is, all members of the cooperative must agree on any changes or policies adopted by the cooperative. All members of the cooperative hold equal standing in the decision-making process.

## Article 1 - Adherence to Member Agreement, Bylaws, and Cooperative Policies

Members of The Shire Housing Cooperative agree to adhere to the policies and practices established in the Member Agreement, the cooperative’s Bylaws, and all policies (whether verbal or written) established by the cooperative. A signed copy of this agreement for each member, as well as all other written cooperative policies, will be kept in an accessible location within the house. Any changes to the Member Agreement, Bylaws, or other cooperative policies (either verbal or written) must be approved by the membership through consensus.

If a member fails to adhere to the policies and practices established by the cooperative, the cooperative reserves the right to levy any penalties against the member subsequently described in this document. Contingent on the severity of the situation, the cooperative also reserves the right to hold a meeting with any member found to be in violation of the Member Agreement to discuss the member’s continued residency and membership in the cooperative.

## Article 2 - Adherence to Cooperative Principles

Members of Rivendell Housing Cooperative agree to adhere to the cooperative principles adopted by the International Cooperative Alliance in 1995 (see: <http://www.nasco.coop/node/22>):

-Voluntary and open membership -Democratic member control -Member economic participation -  
Autonomy and independence -Education, training and information -Cooperation among cooperatives -

Concern for community

## Article 3 - Non-Discrimination Policy

The Shire Housing Cooperative will not discriminate against any member or potential member in regard to race, ethnic background, religion, national or political affiliation, sex, sexual orientation, gender identity or expression, age, weight, or disability. Any person capable of fulfilling their responsibilities to the cooperative may apply to become a member without discrimination.

## Article 4 - Safer Space and Sexual Harassment Policy

Harassment is any kind of behavior towards a person which impairs their full enjoyment of the benefits, climate or opportunities of the Shire Cooperative and the SHC. This definition includes sexual harassment. Harassment may include (but is not limited to):

a. malicious remarks or behavior toward another person. This could include:

- 1) discriminatory physical behavior – for example, when harassment is in an active form such as pinching, caressing, touching, vandalism, etc.
- 2) discriminatory verbal or written insults or manipulative behaviors including, but not limited to, discriminatory, offensive, or obscene remarks. For example, gaslighting or the writing or speaking of derogatory names or comments that refer to an individual's race, creed, ethnic origin, gender, sexual orientation, etc.

b. explicit verbal threats where an individual's personal safety is put in jeopardy by the language of another. For example, "I will hit you if...", "You had better... or else...", "If you do not do what I say, I will hurt you".

c. physical intimidation, including manipulative or otherwise inappropriate behavior. Intimidation includes offensive advances (e.g. sexual proposition) or inappropriate behavior (e.g. touching, kissing, caressing). This includes action with or without threat of punishment for non-compliance and with or without the promise of reward for compliance.

d. unreasonable invasion of a person's privacy, including taking photos, recording video or audio, or otherwise gathering personal information without warning or consent with full disclosure.

e. any act of vandalism towards a person or their property.

f. assault, including any type of physical violence.

### Consent

For the success of any inclusive organization there must be in place a clear definition of consent. For the purposes of this constitution consent is defined as the giving of permission for something to happen. Consent is important in any context. 5 important properties of consent are marked below:

Freely Given (the person giving it is not under duress or being coerced)

Reversible (consent can be revoked at any time and must be respected even if something has been done before under similar circumstances)

Informed (the person giving consent is of able mind to be making such a decision in that moment)

Enthusiastic (The person giving consent must be showing clear affirmation without any way to misinterpret)

Specific (The person giving consent is aware of what exactly they are consenting to and nothing else.)

Consent must be respected and adhered to. It is the responsibility of all parties involved to ensure that every participating member of a conversation or activity is consenting to their involvement. Consent is about communication and therefore frequent check-ins with involved parties is expected.

**Section 6.3:** Fines are allocated to those members who do not report completion or are neglecting their House jobs or not attending House Meetings.

**Section 6.4:** Each point of a job is worth \$5; that is, a 2 point job is worth \$10, a 4 point is worth \$20, etc. Fines for failure to complete jobs once follow this rule. Fines for failure to complete any job, regardless of point value, will continually compound by \$10 for each additional week that the job is not completed up until the fourth consecutive week. There is a fine limit of \$20 additional dollars on every job; the maximum fine for 2 point jobs is \$30, the maximum for 4 point jobs is \$40, etc. That maximum fine remains constant and is imposed every week until the job is completed, at which point the compounding fine is cleared.

**Section 6.5:** House members can only receive \$10 in credit for picking up another member's job at any time; the additional compounded fines go toward House funds.

**Section 6.6:** All members have the right to explain their circumstances at a House Meeting if they feel they are innocent. The majority vote is needed to repeal a fine

House Meetings Members of The Shire Housing Cooperative will hold regular house meetings between residents of The Shire. The time and place of the meeting will be agreed upon by the membership and a meeting agenda posted at least 72 hours prior to the meeting. House meetings will be held at least monthly.

Attendance at house meetings is mandatory, excepting instances in which a member is ill, must be at work, or has another important obligation which cannot be rescheduled. If a member must miss a meeting, they should give at least 24 hours notice to the cooperative, except in cases of personal emergency. Any member with an unexcused absence will receive a fine as defined below. The amount of missed meetings will be reset January 1 of each year.

**Section 10.8** Meeting fines are as follows: A. First missed meeting = "freebie" B. Second missed meeting = \$10 fine C. Third missed meeting = \$15 fine D. All following missed meetings will bring fines increasing by \$5 each miss (i.e. \$15, \$20, \$25...)

A house meeting is not considered official or binding unless quorum is met (see Voting).

Voting Any issue that arises that is not covered in this constitution may be brought to a house meeting to be voted on and may be approved by a majority of ballots cast so long as quorum has been met. A ballot not cast is a vote not counted. **Quorum** is defined as  $\frac{1}{2}$  plus 1 of the total current house membership. (e.g. 3 out of 5)

Supremacy Clause Part A: This constitution shall be the supreme document to define the operation of The Shire Cooperative. The membership may choose to suspend, make an exception, or amend the constitution as defined by the constitution. Part B: Suspensions The house may suspend any part of this constitution for no more than fourteen days with a majority of votes cast at a house meeting. Part C: Exceptions The house may make an exception to any part of this constitution expiring at a defined time with a quorum vote of the membership at a house meeting. The exception may be overturned with a majority of votes cast at a house meeting. Part D: Amendments A modification or an addition to the house constitution shall not be made: · Outside of a house meeting · If a proposal for the constitution amendment did not appear on the meeting agenda 48 hours before the meeting. · Unless amendment is approved by quorum.

### **Physical Maintenance of Cooperative Property**

Members agree to keep both their rooms and common spaces of the house in compliance with any applicable building or fire codes and in good physical condition, excepting normal wear-and-tear to

the property. Additionally, members agree to keep common spaces, including the living room, dining area, kitchen, storage space, and laundry area reasonably tidy and clean. If the actions of any cooperative member, that member's guests, or that member's pets lead to damage to the property beyond normal wear-and-tear, the member agrees to make or pay for any necessary repairs of the property and/or forfeit all or part of their security deposit.

## **Pets**

Members of The Shire Housing Cooperative may have pets in their house given that all other members of the house agree to the presence of the member's pet.\

The membership reserves the right to fine a member for any damages by the pet. A vote may be held to remove the pet from the house if the pet is receiving inadequate care or causing health or safety concerns for the membership. A minimum of 24 hours must be given for the removal of the pet. The pet owner may ask the membership for additional time.

Any member with a cat agrees to keep the litter box in their room and provide reasonable accommodations such as scratching posts to prevent damage to the cooperative or cooperative property.

## **Room Assignment**

Room assignment in each house is based on each member's seniority in the cooperative. Members with seniority get first choice of rooms in the house if a room becomes vacant.

## **Move-Out Procedures**

**Definition of Fair Notice** · In the contract (current)

A member shall receive a vote for reapproval 2 months before the end of the first contract period.

**General Expectations** · Room swept and mopped · All personal property removed from the room · Report damage to the maintenance officer · Return key

## **Procedure**

At a mutually agreeable time between a duly designated house officer and the housemate before a housemate leaves their room, the membership and maintenance officers will review the housemate's room to ensure it has been left in good condition, as defined by the SHC, for the next occupant. The member leaving has a right to be present during this review. If the membership or maintenance officer is, for good cause, unable to review the housemate's room, the officer may appoint another housemate to perform the work in their stead. In this case, the maintenance officer is required to thoroughly communicate what is required of the duly appointed representative.

## **Penalty**

If the membership or maintenance officer, or their duly appointed representative, determines that a room has not been left in good condition for the next occupant, the membership or maintenance officer will communicate the needed changes to the housemate at least one week before the housemate moves out. The housemate will have until they leave their room to make those changes. If the housemate fails to make the needed changes, a housemate can clean the room and the housemate that cleans the room will be credited \$15/hour of industrious labor which will be paid by

the leaving housemate as a fine. A housemate that is penalized will only be penalized once – either by the SHC or the Shire, whichever cost is greater.

### Personal Items Left Over

A housemate that intends to leave personal items from their room at the house, or to give the items to the house must receive house approval. Housemates that leave items without house approval will be fined at the labor rate to remove/dispose of the items as well as any removal fees. If the items cannot be easily removed or disposed of, the house may determine its own penalty or solution.
