

Section III: GOVERNANCE PROCESS

3.0 POLICY TITLE: GLOBAL GOVERNANCE COMMITMENT

The purpose of the board, on behalf of our legal ownership (the people who hold shares in the MSU Student Housing Cooperative) and our moral ownership (the people who invest themselves for the common good, quality of living and expansion of the cooperative movement), is to see to it that the MSU Student Housing Cooperative (SHC) (a) achieves what it should, and (b) avoids unacceptable actions and situations.

3.1 POLICY TITLE: GOVERNING STYLE

The board will apply the Cooperative Identity, Values and Principles and govern with an emphasis on (a) outward vision rather than an internal preoccupation, (b) encouragement of diversity in viewpoints, (c) strategic leadership more than administrative detail, (d) clear distinction of board and chief executive roles, (e) collective rather than individual decisions, (f) future rather than past or present, and (g) proactivity rather than reactivity.

On any issue, the Board must ensure that all divergent views are considered in making decisions, yet must resolve into a single organizational position.

Accordingly:

1. **3.1.1** The board will cultivate a sense of group responsibility for integrity in governing.
2. **3.1.2** The board will direct, control and inspire the organization through the careful establishment of broad written policies reflecting the board's values and perspectives.
3. **3.1.3** The board will enforce upon itself whatever discipline is needed to govern with excellence. Discipline will apply to matters such as attendance, preparation for meetings, policy making principles, respect of roles, and ensuring the continuance of governance capability. Although the board can change its governance process policies at any time, it will observe them scrupulously while in force.
 1. **3.1.3.1** In accordance with this discipline, the board will only allow itself to address a topic after it has answered these questions:
 1. A. Whose issue is this? Is it the Board's or the Executive Team's?
 2. B. Has the board dealt with this subject in a policy? If so, what has the board already said on this subject and how is this issue related? If the board has already addressed the matter, does the board wish to change what it has already said?
 3. C. If the matter is several levels below board level, what is the broadest way to address this issue so that it is still under existing board policy? Does that policy suffice to deal with our concern?
1. **3.1.4** Continual board development will include orientation of new board members in the board's governance process and periodic board discussion of process improvement.
 1. **3.1.4.1** Assure an effective and sustainable governing culture that provides leadership over time.
1. **3.1.5** The board will allow no officer, individual or committee of the board to hinder or be an excuse for not fulfilling its governing commitments.
2. **3.1.6** Board meetings are for the task of getting the Board's job done.
 1. **3.1.6.1** The Board will use its meeting time only for work that is the whole Board's responsibility. The Board will avoid committee issues, operational matters and personal

concerns.

2. **3.1.6.2** Meetings will be open to the member-residents except when executive session is officially called.
 1. **3.1.6.2.1** Executive sessions may be used to deal with confidential matters, generally dealing with personnel matters or legal or contractual issues. When possible, announcement of the executive session should be on the published agenda.
 2. **3.1.6.2.2** The Board may include or exclude anyone it chooses from executive session.
 1. **3.1.6.2.3** The Board will take no official minutes during the executive session.
 2. **3.1.6.2.4** The Board will come out of executive session and take official action in the public meeting.
3. **3.1.6.3** The Board will seek consensus through discussion. The Board will then finalize and document decisions through the use of motions, seconds and majority vote. Abstentions from voting may only be done if the board member has a conflict of interest.
4. **3.1.6.4** The Board may include or exclude anyone it chooses from executive session.
 1. **3.1.6.4.1** The Board will only discuss agenda items added at the meeting IF the Board agrees the item is a shared issue AND the Board has adequate background information to discuss the issue in an informed way.
 2. **3.1.6.4.2** The Board President will ensure that meeting agenda and supporting materials are delivered to the Board of Directors at least 48 hours prior to the next scheduled Board of Directors meeting. Supporting materials will contain, at minimum:
 - Minutes of the previous meeting, to be approved by the Board
 - Management & Monitoring Reports
 - Presentations of motions and discussion items to be addressed at the meeting with appropriate background material for an informed discussion
 - An agenda of all business to be conducted at the meeting including the date, time, and place
1. **3.1.6.5** The Board, by majority vote, shall discuss any issue related to the operational side of the organization.

3.2 Policy Title: SHARED VALUES

The Board shall work toward establishing clarity in its values. Those values that have been explored, discerned and represented here shall influence the thinking of all other policies created by the board. These are the values that we believe:

1. **3.2.1 Diversity and Inclusion:** The MSUSHC environment shall be appealing to all segments of society who need or want to live in an inclusive cooperative system and by the values of Cooperatives. Inclusion means either no barriers or barriers minimized to all people who desire our services and are willing to accept the responsibilities of coop living.
1. Diversity involves inclusion, empowering the voice and participation of marginalized populations. Diversity includes race, ethnicity, national origin, sexual orientation, gender identity, religious preference, socioeconomic status, age, veteran status, family status, abilities, weight, political persuasion, fields of study, and first generation student status.

1. Intentional diversity and inclusion are important to coop living. Cooperative living exposes its residents to a structured environment for learnings in self-sufficiency, democratic citizenship, collective interdependence and the struggle in how to live consciously with people who are not like us. Diversity and inclusion will not be achieved at the expense of physical or mental health safety of the residents.

1. To support this value:

- The coop may intentionally design a diverse or special interest environment with living/learning-related conditions.
- Diversity will likely be achieved through intentional actions that go beyond word of mouth referrals.
- Education toward diversity and safety for all residents is encouraged.
- The coop encourages each house to define house norms that value and create diversity and increase retention of house member diversity.

1. **3.2.2 House Autonomy:** We value empowerment:

- Of members to run their own households,
- To make all decisions related to quality of life in the house,
- To fail and to resolve consequences of poor decision-making.
- We also value the role of MSUSHC to assure the long-term sustainability of the co-op.

2. To assure sustainability, we acknowledge the responsibility of the SHC to:

- Oversee the business of the buildings, including the purchase of insurance, payment of taxes and mortgages
- Assure appropriate capital improvements
- Assure good financial management
- Budget for the office entity and capital improvements
- Assure reserves for future growth,
- Assure quality administrative systems, and
- Assure ongoing education of the members to optimize the experience of living in a cooperative.

1. Our common culture among the houses is bound by existing laws, municipal regulations, MSUSHC bylaws, Board-approved policies, and the Code of Operations. While each house defines its own unique identity, each house will contribute to the achievement of the Ends Policies of MSUSHC.

2. **3.5.2** The cycle will start at the July Board meeting with the board's development of its annual agenda, including its calendar and the issue/theme it agrees to explore that will lead to policy development.

Officers are annually elected to facilitate the work of the Board in its governing role. Officers may delegate their authority, but remain accountable for its use.

Accordingly:

1. **3.6.1** The President serves in a dual capacity for the Cooperative: As the chief governing officer, the President assures the integrity of the board's process and, secondarily, acts as spokesperson for the board to the internal organization and to outside parties.
